

...the Parent Page....focusing on parent participation and parenting

“At first people refuse to believe that a strange new thing can be done, then they begin to hope it can be done, then they see it can be done and all the world wonders why it was not done centuries ago.” --Frances H. Burnett

SOMETIMES THANKS IS NOT ENOUGH

If you haven't gone to the new CPSC website yet, you need to check it out soon! Go to www.cpsfcNC.org. You'll want to tell all of your friends and family about it. It is quite impressive. The website was thoughtfully and carefully redesigned and updated by an amazing group of parents serving on the Website Committee, a sub-committee of our Communication Committee. I don't know how we thank the committee enough for all of the time and thought put into this project. They worked endless hours last year and this summer to have it ready for the new school year. One new feature is "Take Home Folder" which will have everything I send home on Tuesdays! Please thank the following parents when you see or meet them this year: Sue Gallagher (1st grade mom of Quinlan), Lauri Brandenburg (2nd and 4th grade mom of Joni and John), Tom Edds, (2nd grade dad of Eli, and Toby Berla (4th and 5th grade dad of Olivia and Julian). Now the fun of maintaining the site begins!
