

## *AFTERSCHOOL, CLUBS AND INTERSESSION CAMP UPDATE*

Dear Parents,

I am thrilled to have the opportunity to work with your children this year as the Director of the After School Program. As the parent of a rising first grader, my family has taken advantage of many of the program's offerings. For those of you that have enjoyed the clubs and camps this past year, we hope you join us again! I encourage the new kindergarten families and families that might enjoy our program to become informed about all we have going on by contacting me or checking the website. The counselors and I will continue to provide a safe and nurturing environment and we are very excited to offer some new camps and clubs as we expand our program.

We have a unique opportunity in our community to invite local artists to explore your children's talents and maybe find some new ones at no additional cost to our afterschool families. New afterschool clubs were designed last year to offer our student's language, building and music instruction that is not part of their daily curriculum. In addition to our previous offerings, **we will be offering Mandarin and guitar this quarter, registration deadline for all clubs is July 20<sup>th</sup>**. We will also be offering some creative new intersession camps this fall like **The Graphic Novel** and **The Plant Kingdom**, please check our website for descriptions - registration forms will be available shortly.

As we embark upon the next school year, we ask that you commit to a set schedule each quarter to ensure we have appropriate staffing every day. **Please make sure to enroll in the Afterschool program by July 13 (see enrollment form)**. We also ask that the parent or guardian sign your student out of our program every day on the sign out poster that will be hanging outside my office. I will also be creating an email update list this year for our families so I can keep you informed about the program. Thank you for sharing your little ones with us; please feel free to contact me with any questions!

Sincerely,

Amy Elmore 682-1200 [amy@cpsfc.org](mailto:amy@cpsfc.org)
