

Co-chair needed for Box Tops! Our Box Top guru, parent Rose Volponi, is wanting a co-chair this year. Check here if you are interested in learning more about how you can help her _____.

Here's a couple more exciting opportunities to get involved with a CPSC committee...

DIVERSITY COMMITTEE

Place a check in front of any task you may be interested in helping with....

I will help with planning for outreach to recruit a more diverse lottery pool.

I would like to be a part of planning and implementing a plan to address school-wide diversity issues.

This is a relatively new committee that is still evolving. Leadership, input, ideas and action from parents are welcome and needed.

OUTDOOR LEARNING COMMITTEE

Place a check in front of any task you may be interested in helping with...

I am interested in helping to develop and implement plans for improving the outdoor learning environment, especially in the front and along the sides of the school building.

I am interested in helping the CPSC staff implement the All School Recess plan by finding materials and a means for storing them to use for stations during recess (stage performance area, obstacle course, builder area, etc.)

This committee also helps with gardening and landscaping on an as needed basis (and at All School Workdays.)
